
"To preach the gospel in the regions beyond you" II Corinthians 10:16

Dear Pastor and Praying Friends,

The month of March was full of blessings. We are thankful that God is still working in the lives of the people here in Hong Kong. We have celebrated a couple of our kids' birthdays as well as the spiritual birth of someone we had been praying for.

Johnson Chiang, whom we asked for prayer for in our last update, has received the Lord as his Savior! He is currently in our discipleship class and shows a desire to learn more. Victor Tang, whose salvation we are still praying for, still has many questions about the Gospel but we are thankful he comes when he can. His wife, Chloe (who received Christ back in October), recently started attending our discipleship class. Pray for her spiritual growth and that her testimony will impact her husband. Please also continue to pray for Ms. Hau, who comes with her 4-year-old daughter. Ms. Hau has heard the Gospel but her communistic background and upbringing have caused her to doubt so many things. Pray that God would touch her heart for salvation.

Resurrection Sunday is a day we have been praying for, for many weeks. People who may not come to a regular service are willing to attend a special one. Despite many people being away for the holiday, **God worked in our Resurrection Sunday service with new and returning visitors. We also rejoice that a lady named Yen trusted Christ as her personal Savior!**

Elena's health

After a recent checkup, blood tests showed that Elena's elevated cardio enzymes were back at a normal level. She was given clearance to go back to many of her regular activities. Though it took a few weeks to get her full strength back, we are thankful for God's hand upon her.

Article 23

On top of the National Security law passed in June 2020, the Hong Kong government just passed Article 23 on March 23rd, which is its own version of a security law and expands further on the National Security law. The law is written vaguely and has broad definitions regarding "state secrets" and "collusion with foreign forces." One example of collusion involves receiving financial support from "external forces", which could include foreign governments, political organizations or individuals. This new article is something that has been causing a lot of uneasiness with folks here. **Pray for wisdom for us as we navigate these new laws and help the people amidst their fears.**

Thank you for your prayers and faithful support. Thank you, also, for the emails, cards and small gifts in celebration of our children's birthdays and our anniversary. It truly is a blessing and privilege to be your representatives here in Hong Kong.

In Christ,

Andrew, Elena, Alexander, Angela, Anthony, and Ashley Au
