

## Dear Pastor and Praying Friends,

Thanks be unto God for his unspeakable gift.

As we reflect upon this time of thanksgiving, there have been countless blessings. We are especially thankful for the good news of salvation, for the privilege of serving on the mission field, and for faithful supporters and prayer warriors. **It is so amazing when we think about how God brought us here to Hong Kong, China, 17 years ago this December.** It wasn't a mistake; it wasn't an accident. God led us here and came right alongside us. He has never ceased to bless! Thank you so much for "holding the ropes" and allowing our family to serve.

**Between Ka Fuk Baptist Church and Liberty Baptist Church, we praise the Lord for 5 salvations, good attendance, new and returning visitors, continuing of discipleship classes, and new opportunities this past month.**

One new opportunity is teaching phonics to the parents of our preschool to assist their children in English. We have seen 2 families come to church so far through this class. Pray with us that more families will be introduced to church and eventually get saved through this outreach.

Please also pray for two men, Mr. Au Yeung and Mr. Tang, that have been coming to our church quite consistently but are not saved. One of the men was a former communist official in his village and the other claims atheism. Both have many questions about the faith but remain open. **Please pray that their hearts will stay open and that they will soon come to the knowledge of the truth.**

### Prayer Requests

- Salvations, spiritual growth, and involvement of believers
- Safety and good health – Elena has a minor surgery coming up on Dec. 6<sup>th</sup> that would require some days in the hospital. Pray for quick healing and no complications.
- Christmas opportunities – outdoor Christmas program with our preschool on Dec. 14<sup>th</sup>, Christmas celebrations on Dec. 21<sup>st</sup>, 22<sup>nd</sup>, and 25<sup>th</sup>.

**In Christ,**

*Andrew, Elena, Alexander, Angela, Anthony, and Ashley Au*
