

Dear Pastor and Praying Friends,

Greetings from Hong Kong, China! We are thankful for your investment that allows us to serve on the mission field. We know without your prayers and support, we would not be able to be here. As we share the blessings God has poured out, remember that this is fruit to your account. Please continue to pray for God to work here in Hong Kong.

Spring is a time of growth and new life being born. We praise God that we have seen spiritual growth and new life in both Ka Fuk and Liberty Baptist Church. This past month, we were able to celebrate and focus on the Resurrection of Jesus Christ. It is always a joyous time to remember the sacrifice Jesus made on our behalf in providing us a way of salvation. We are thankful to have the opportunity to celebrate it at our Preschool as well, and to teach about Jesus and His love. Though the children are young, ages 2-6, they are not too young to understand that God loves them! Praise God we are still able to do this!

Resurrection Day services went well with many new visitors. We are thankful to see God work in the lives of people. One example is Miriam, who came to church on Resurrection Sunday. The service was longer than usual because of choir specials and other announcements and she had to leave right away after the service without speaking to anyone. We didn't think she would return. **However, the week after, she returned and, during the invitation, she wanted to receive Christ as her personal Savior. We praise the Lord for her decision (the picture below shows one of our church members leading her to Christ).**

Prayer Requests:

- Souls to be saved
- Wisdom, health, and God's power upon the ministry
- Spiritual growth of believers and that members will be more involved

In Christ,

Andrew, Elena, Alexander, Angela, Anthony, and Ashley Au
