

Engelhart to Heart Talks July 12, 2023

Margie and I submitted our applications to renew our residence permits here. **Please pray** the Lord that they would be accepted and the permits renewed so we can continue to serve here as He permits.

Our village summer camp in the Abbe village church is in planning for July 25-29. This is a good opportunity to train older teens and young adults to serve in church ministries. **Please pray** for the preparation of the program and the grounds.

The Abbe church is still having problems with a relative of the man who sold us the property years ago. The relative wants to take back much of the land and then subdivide and sell it. Though we are doing some wall construction on it to reinforce our claim, we count on the help of the Lord to preserve our claim. **Please continue to pray** for this.

We held a VBS in June at the Irfa village church which drew in children from families in plantation settlements. Of 70 children present some 20 responded to the invitation to trust Christ and were dealt with personally.

Thank you again for praying for these requests.

In Christ,

Bob & Margie Engelhart
