Engelhart to Heart Talks March 5, 2024

We would like to ***thank you for praying*** since our last note in January. The Lord answered prayers as both of our vehicles passed their annual inspection and are in use. The Africa soccer cup final played at the stadium a mile away ended in calm.

The Bible institute for the village church workers is advancing. There have been no drop outs as sometimes has happened in the past. Classes are set up to mesh with the students' work schedules. Below is a picture of Pastor Jean-Luc's Personal Evangelism class held Saturday afternoons at Donkoi village church last week. All passed the mid-term test in my class Sunday afternoon in Abbe village on the Five Books of Moses. Pastor Daniel Barou teaches Wednesday afternoons on the Doctrine of God. ***Pray*** that these classes would help them be useful

in winning souls and teaching the truth.

The Abbe church had a missions conference in February led by the institute students and then a VBS last Saturday where they brought in children from a settlement a mile away. Below is student Edouard teaching at the VBS.

Attendance has increased a bit there and also in the Irfa church. **Please pray** as we bring out Christ's sacrifice to save us in the weeks leading up to Easter.

Thank you for your prayers for Margie's health, which has improved greatly.

Since her medicine was changed, her heart beats quite normally and most of her energy has returned. Her digestive problems have been manageable with a change in diet. She does have a cataract in the left eye that needs to be removed and we hope to have that done this month. **Please pray** for the Lord to restore the sight she is missing.

Thank you for taking the time to pray for the Lord's work here.

In Christ,

Bob & Margie Engelhart
