

Friends and Ministry Partners,

Happy Easter! Wow, it came fast for all of us, didn't it? The joy of our ministry is to tell others about the Person and personal meaning that we celebrate on this upcoming Resurrection Sunday. This time of year also begins our shift of focus from preparing for clinic trips to providing clinics around the world!

I must give a big thank you to everyone who helped make it possible for our family to serve together in Peru next month. We were overwhelmed when the full funds came in for the trip through dozens of generous friends and family. God continues to provide through every step of our journey. I am praying that this trip unifies our family towards our mission of helping others and pointing others to the Great Physician.

### *Recent trips*

We kicked off the year in January with an optical team in the Philippines. We praise the Lord for the 1,007 patients served through that clinic. Just a couple of weeks ago, our first surgical team of the year provided 16 surgeries in Honduras. We are thankful for the deep impact we can have in Honduras through our surgical center and our local church partnerships.

### *Upcoming Trips*

April 5-13: Dominican Republic - Medical, Optical, Dental and Physical Therapy Clinics

April 5-13: Honduras - Surgical Clinic

May 29-June 8: Lima, Peru - Medical and Optical Clinics

May 31-June 8: El Progreso, Honduras - Medical, Optical, Dental, Physical Therapy and Soul Care Clinics

### *Opportunities to get involved*

- Join our Support Team FB Group - <https://www.facebook.com/groups/1015903679522581/>
- Financial support - <https://medical-outreach.com/donate/to/wicks-family-support>
- Pray about joining me in 2025 - <https://medical-outreach.com/get-involved/calendar>

The first link above is a new private FB group for our support team. In this group, I post more often about ways to pray and live updates of what is happening as we travel. If you haven't already joined the group, please click the link and request to join.

On June 1 we will launch our 2025 calendar and I'm so excited for many of you to join a team! We need you! Please check that calendar page on June 1 to see where God would allow you to go next year.

As we prepare to go and take these clinics all around the world, would you partner with us in prayer? We know that we can plan our path but God ordains our steps. We are asking Him to work in the lives of our team members and patients this year. We are praying for safety as we travel. We are praying for impact and fruit that remains. Thank you for praying with us this year.

For His Glory,

Joseph Wicks
