

Dear Praying Friends,

We have done much traveling since our last letter. Mark was able to participate in a medical mission trip to Bolivia. The team was able to see and help 738 patients in just a few days. The evangelistic team headed up by local pastors saw 85 professions of faith during the clinics.

Mark assisted in the eyeglasses station. Using a simple system developed by Global Vision 2020 the team was able to prescribe and give away prescription glasses as well as distribute reading glasses to those that needed them. This was one of the greatest needs of the many who came to the clinics. It was a joy to see many who previously struggled to see clearly more than a few feet light up with joy as they were able to read the eye chart. We are grateful that while their physical eyes were opened many had their spiritual eyes opened to the truth of God's Word.

We arrived in Guyana on September 8th to assist New Life Baptist Church. We will be filling in for fellow missionaries Robert and Arianna Woodard as they are in the USA for a medical furlough. Please pray that they can return to Guyana and their church soon. We plan to be in Guyana until October 3rd. We currently have tickets to Suriname on October 10th. We are excited to move to the field where God has called us so that we can begin language immersion and continue language study full time.

We are still in need of William's visa before we can move to Suriname. We are praying that it will be approved before October 10th. The embassy confirms that his application is being processed but has not provided a date for when the visa will be completed. If it is delayed beyond October 15th, we will be forced to restart the visa process which would cause a delay of 4 months. We have begun looking for housing options in Suriname, but we cannot move forward without our visa, so we are especially anxious to have it soon. Please pray with us for God's timing in supplying our visas. Thank you for your prayers and support!
