

Pastor Gustavo, after his fall. He is with his youngest daughter on the right and is progressing extremely well.

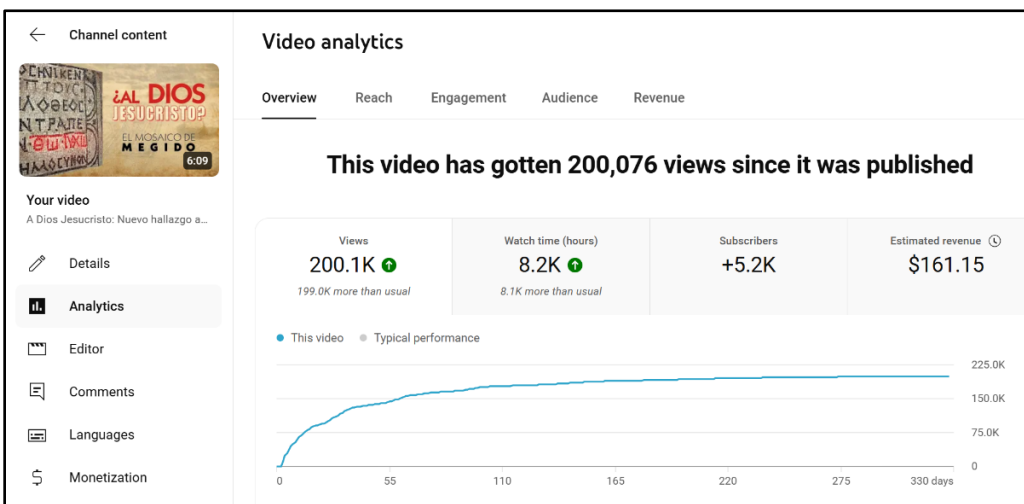

The work in Nueva Helvecia has continued with the help of Pastor Mario Acevedo and others.

In our last prayer letter, I promised pictures of the new women's bathroom in our church and seminary building in Colonia. This bathroom is a HUGE answer to prayer.

We took this picture in 2020 shortly after purchasing the property where we plan to build our house next year (2026).

This viral video on our seminary channel demonstrates the need in Spanish for resources like my new book, above. In the video, I translate the incredible message found on a 230 AD mosaic floor that recognizes Jesus as God. In my new book, available on October 30, I translate key verses from the Greek, explaining the nuances that are essential to sound doctrine.
