

PLANTING AND ASSISTING CHURCHES IN **URUGUAY**

We have been trying to help Owen get over his stage fright. He is terrified, even before small groups, just holding up a song poster. Micki and I felt proud when he bravely told the shepherds to “not fear” as an angel in the Christmas program. He was saying it to himself as much as to them!

Merry Christmas from Colonia

Our Christmas program was centered around the message of a song we just released on our seminary YouTube channel entitled “Ábrele” (“Let him in”). Similar to the way Joseph and Mary looked for lodging in Bethlehem, so today Jesus is looking for people who will open the door of their hearts to Him. Jesus’ humble birth encourages the poor in spirit and calls us to reflect on the greatness of his incarnation. With wonder, gratitude, and love we want to wish you a very merry Christmas and happy New Year. Your kindness, support, and prayer through the years has been like a deep fountain that gushes up in praise to the Savior as we represent you in Uruguay.

New Summer of Seminary

December marks the beginning of our full-time summer seminary. I continue to be amazed at how God is calling more young people to study with us. When we began the seminary, I had one student. This year, we have sixteen! We are doing virtual classes in December, but in January all sixteen will be staying in Colonia to train for ministry. Please pray for wisdom as I seek to administrate responsibly. Please also pray that God will use these students to “turn the world upside-down” (Acts 17:6). I hope to send you a detailed video update in the next few months.
